About James Bruner

Having come of age amidst skateboard culture in Springfield, Illinois, James was drawn towards artists like *Roxy Music*, *David Bowie* & *Iggy Pop* as opposed to what his friends were listening to at the time. Watching how skaters executed their craft on videos featuring *Iggy Pop's Lust For Life*, *Rod Stewart's Every Picture Tells A Story* & *Black Sabbath's Paranoid*, inspired him to get a guitar at the age of 15. He was soon to join local band **Unchained** as lead vocalist & rhythm guitar – but it was when he moved to Nashville that his focus on songwriting & working with topflight musicians began to bear fruit.

Full band shows as a solo artist began in 2023 & since then James has honed his craft as a live performer playing hundreds of shows across the USA, Europe & the UK with the likes of **Barns Courtney**, **The Romana Flowers** & **Yonaka** as well as full European tours with Nashville singer-songwriter **William Fitzsimmons** & **The Struts**. James has graced the stages of legendary venues such as **The Bataclan** (Paris), **Barrowlands** (Glasgow), **The Roundhouse** (London), **Irving Plaza** (New York) & **Fabrique** (Milan).
